## LOCAL NOTICES.

**"Portraits in Glass."**  
This is a new style of picture now being produced by Wm. Winter, the artist, of this city. These pictures are creating much interest in all the principal Eastern and Western cities, being altogether new. They are unlike photographs, being raised and beautifully enameled over the entire surface, soft in tone, but distinct in the lights and shades. No one who sees them fails to admire them, or to give the artist an order. We have been shown a number of pictures of well-known ladies and gentlemen of the city, and have no hesitation in pronouncing them perfectly splendid. We would therefore advise all who take interest in such matters or desire pictures, to call upon Mr. Winter at his gallery and examine his work in this new branch of the shadow-capturing art.

—The reward of two hundred dollars, we are told, which was offered for the capture of young Hutchinson, for the shooting of Suttar, is to be paid to Constable Robert Billingsly. A pretty good salary, this, for about twenty-five minutes' work.

—Those who complain that there are no good shoes made now-a-days, should try the fine custom work sold by O. Haythorn & Co.

—Mr. D. W. Spiller, a prominent merchant of Cotton Hill, Missouri, was in the city yesterday, purchasing goods for his store. He says he prefers Cairo as a place to lay in supplies for his store, to St. Louis, as he can buy equally as cheap here, and the freight on his goods to Cotton Hill is much less.

—The Odd Fellows of this city, we are told, are making preparations to give the newly elected grand master a reception. They are elated for the reason that Alexander Lodge has now contributed two grand masters, which they consider quite an honor. The reception will take place one week from to-morrow night at Odd Fellows' hall.

—L. D. Akin & Co.—Harness and saddles, collars, whips, etc. Those favoring us with their patronage will find a complete line of goods from which to select at bottom prices, 105 Commercial avenue. Repairing done and second hand harness for sale.

—Mr. and Mrs. W. W. Thornton are still among their many friends in this city. A report comes to us that Mr. Thornton is about to come back to Cairo for good. If this is true, there will be rejoicing on every hand, as there does not live in our city a man more interested in the city's welfare, or a man with more enterprise, than Mr. Thornton.

—A prominent gentleman of this city told us yesterday morning that he had had six calls from beggars and stragglers before breakfast, all of whom told the most affecting tales of poverty and suffering. The town is getting filled up with these individuals, and while there are many, no doubt, who are deserving of assistance, there are equally as many who are frauds.

—I have just received a large stock of all kinds of groceries, cranberries, new prunes, currants, citron, Java and Rio coffee, sugar of all kinds, wood and willow-ware, a large stock of china and glass-ware. I can sell all kinds of dishes below the market. Call and see my goods; and learn prices.

—A meeting of the city council was called for Monday evening, to listen to the reading of the revised ordinances, but the big ball of the Ancient Order of Hibernians, or something else, kept so many of the Aldermen away that there was not a quorum present. Hence the meeting was adjourned until last night.

—A gay serenade party were out "doing" the town on Monday night. Among the gentlemen and ladies visited by the serenaders were Mr. Theodore Carrigan and wife, whom they gave a varied musical entertainment, with boaters, horse fiddles, guitars, violins, base drums and horns. The last tune played by the band—the tune that brought the "set up"—lasted just an hour.

—A "kicking out of the house" row took place up town the other day. A negro man who suspected his better half of infidelity, set a trap for her, and caught her taking a moonlight stroll with another gentleman of color, so he went home to await her coming. When she did come a lively scene ensued. He threw the faithless wife and her baggage out of the door, and swore he would "smash her into emigrants" if she ever dared to enter the house again.

—Mr. F. E. Canida, president of the Cairo & St. Louis railroad; W. A. Scarles, attorney, and J. L. Hinkley, superintendent of the same road, were at the St. Charles yesterday. They came down from St. Louis to look at the wash in the Mississippi levee, and have a talk over the matter with Colonel Taylor, but finding that gentleman absent, they returned with the intention of coming again when he is at home. The Cairo & St. Louis road now stops its trains at a point about two miles above the city, to avoid the danger of running past the spot where the wash is going on.

—The Omaha Bee, of October 2nd, speaks thus of Milton Noble and his troupe, who will appear at the Athenaeum to-morrow night: "Of Mr. Noble's acting we need only say that we can heartily endorse the glowing eulogies pronounced upon him by the Eastern press. There is a strong element of character in all that he does; his own individuality is always completely lost in the character being portrayed. His disguises as a detective officer are marvels of art, both in facial make-up and vigorous development of strongly-contrasted characters, and again Mr. Noble has shown himself to be a man of sound judgment by engag-

ing strictly first-class artists to support him. There is not a poor or even mediocre performer in the entire organization, but all established artists in their profession, and selected for their particular fitness for the character assumed. Another noticeable feature is the complete discipline and rapidity of the entire performance."

**I. O. O. F.**  
The members of Alexander Lodge No. 224, I. O. O. F., and all visiting brethren, are requested to meet at Odd Fellows' hall, at 1:30 o'clock p.m., this day, for the purpose of attending the funeral of our deceased brother George Carpenter. The lodge will proceed in a body from the lodge room to the residence of our late brother, at 2 o'clock p.m., sharp.

By order of the Lodge.  
WILL K. HAWKINS,  
Secretary.

## Louis Herbert has PILSENER.

### The History of a Great Enterprise.

In eighteen hundred and fifty-four, the original incorporators of the Wilson Sewing Machine company embarked in the manufacture of sewing machines, and from that time to the present, their time, talent, energy and capital have been employed in making first-class sewing machines with varied success attending their efforts. It being their constant aim to produce a Shuttle or Lock-stitch machine that should be simple to handle, durable as steel and iron could make it, with unlimited capacity, unexcelled by any other machine, regardless of name or price, and withal to confine the price within the reach of all classes of people, and success has crowned their efforts in the production of the celebrated Wilson Shuttle sewing machines, which combine all the elegance, simplicity, durability and strength possible for any sewing machine to attain, and they are the first and only first-class moderate-priced machines put in the market. Machines in this country, free of transportation charges, ordered through the company's branch house at 610 North Fourth street, St. Louis, Missouri. They send an elegant catalogue and chromo circular free on application.

—The T. F. Eckert is raising the box cars which ran into the river some weeks ago, at the Kentucky incline.

—The Jim Fisk brought down quite a party of Paducahites yesterday to see the Mary Bell. Among others we noticed Captain Gus. Fowler, T. L. Lee and J. W. Thornberry.

—Captains H. H. Brown and M. M. Deen have purchased a one-half interest in the Andy Baum, for a weekly packet between Cincinnati and Pittsburgh. She will probably leave here on her maiden trip a week from next Thursday, or as soon as the river is navigable for her hence to Pittsburgh. Captain H. H. Brown will command the Baum, and Mr. M. M. Deen will have charge of the office.

—After leaving St. Louis and getting over Horsefall the Mary Bell had the misfortune to get aground at Twin Hollows. The Elen G. Smith went to her assistance with lighters and helped her off. Speaking of her capacity the St. Louis Commercial Advertiser says:

"The Mary Bell, with water and fuel on board, draws on an average 3 feet 8 inches, showing that she is a remarkably light draft boat for one of such great size and solidity of hull. It is estimated that when loaded to 5 feet she will have 700 tons on board; 6 feet, 1,200; 7 feet, 1,700 tons; 8 feet, 2,300 tons; 9 feet, 3,300 tons; 10 feet, 4,000 tons.

On her main deck and guards she will carry 7,000 bales of cotton, and in all, a total of 10,000 bales. She is the largest steamer, it is asserted, ever built for a Western or Southern river by 600 tons capacity. Capt. Hicks states that he has contracted to carry during the present 'cotton season,' 130,000 bales of cotton to New Orleans from Helena, Chicago, White river and other points on the Lower Mississippi.

## FROM EXCHANGES.

—Louisville Courier-Journal, 18: Pilot Joe McCallough arrived from Cincinnati by rail, and left for Smithland on the Kittie Hoger yesterday evening to bring up the Nail City with two barges of iron ore in tow for Wheeling.
